OCTOBER 26th, 1937

PRICE TWOPENCE

## AN APPEAL

I'll be perfectly frank from the beginning of this article; I want to make an appeal for money. As you know, L. M. Wallace has been selected to run for England at the Empire Games at Sydney, and as he will be away for four months, he is going to want money, and quite a fair packet of it too.

Let me say straight away that the College Authorities are being extremely generous both in the financial assistance and the advice they are giving Wallace. But we cannot expect them to do everything, and we still have a goodly sum to find, for Wallace's selection means that he has got to spend an extra year at College. Therefore I want to ask if you, as fellow students, will help to raise the sum of £5. I don't know if you think this is a lot of money or a little, but at any rate it's going to be very useful. I realise only too well that students are the affluent people the outside world sometimes supposes, but if you can only dig into your pockets or purses and fork out a tanner or perhaps a bob, we shall get that £5. Any amount that you can give, no matter how small, will, as we hear every Sunday evening, be most gratefully received.

If you can help, will you give your contribution to Miss G. Wilkinson in Highfield Hall, to Mr. Wife in South Stoneham House, or to me in the Secretary of the Union's room between 1.15 and 2 p.m. any day from to-day onwards. If any Old Hartleyan, too, sees this and would like to put a bit in the Kitty, I hope he will, although I shall not be able to acknowledge every individual gift. (I hope too many stamps will be required).

I think you will agree that this is a very deserving cause, for Wallace's selection is not only a great honour for him, but it is going to carry our name a bit farther afield. Some may be sceptical of this, but I am glad to be able to tell you that Wallace has agreed to appear in the Press as Ryde H. and University College Southampton A.C. whenever possible. So we have got to see that he goes to Australia, and we have got to get that £5. We'll have a good smack at it anyway, and, in addition, very many thanks.

G. E. R. BURROUGHS.

## OUR NATIONAL UNION

Last Easter we were honoured by having the National Union of Students Congress here at Southampton, and those who attended will agree that the Congress was a well balanced mixture of serious discussion meetings and enjoyable entertainment. The less serious sides are almost forgotten, at any rate they are not more than memories, but the resolutions which were drawn up as a result of the hard work done before and during the Congress by members of the constituent organisations, are still very much alive. They are the basis of the future policy of the N.U.S. and a number of committees have been set up to carry on the work of the Congress.

While this annual Congress, at which some topic of vital importance to students is discussed, is one of the few meetings at which all members are invited to attend, it is by no means the only function of N.U.S. Since its formation in 1922 N.U.S. has had offices and permanent staff in London to carry out the policy decided by the Council or representative committees of delegates from each Union which meet each term.

It is in this office that so much work for the benefit of students is done, for in addition to being the "home" of an exceptionally good travel service which makes travel abroad almost exceptionally cheap, it is an information bureau for all matters in any way related to university life. Many concessions for students have been arranged, particularly with London firms. More details of the history, administration and functions of N.U.S. will be found in the Year Book for 1937 which is obtainable free from the Secretary's Office.

It is our National Union created by students for the benefit of students, and if we are to get the best out of it we should know something about it and give it our support.

H. JAGGER,

Secretary of the Union.

## Offices:

STUDENTS' UNION, UNIVERSITY  
COLLEGE, SOUTHAMPTON.

Editor: J. M. TAYLOR.

Sub-Editor: MISS JOAN BARKER.

Sports Editor: L. H. MOORE.

Business Manager: G. EMERY.

Asst. Business Manager:  
J. R. MASTERMAN.

## Editorial.

In accordance with the general apathy of mankind, it would seem that a majority of our readers abstain from reading the Leader on the front page, protesting that it is too long for them to peruse comfortably over morning coffee. We have often been tempted to leave a blank space where the Leader should be, except for a small notice to the effect: "Mr.— has written the leading article this week about 'College Women' but the Printers have refused to print it."

Instead, it has been decided to have two articles on the front page which may offer a greater appeal to our intellectual readers, than one long article.

At any rate, we sincerely hope that Mr. Burroughs' eloquent appeal on the front page of this issue will escape no one's notice, and that the appropriate response thereto in terms of L.S.D. will be readily forthcoming.

It appears from the Correspondence columns that the "Colours Serpent" is again raising its angry head. Concerning this we have two comments to offer. One is that there is obviously something wrong with a system that evokes so much controversy amongst sportsmen. The second is that if any radical changes are contemplated, we would recommend that amongst the reforms most urgently needed is that the present Colours Blazer becomes the general College blazer. Then, at least in matters of dress, University College, Southampton, will rise above the status of a preparatory school.

## NOTE.

The first lecture of the Inter-Departmental Course on Syntax was postponed until to-day, Tuesday, October 26th, at 5 p.m., in room 31. The course will be given as advertised, with an alteration of one week for each lecture, if attendance warrants it. It is hoped that sufficient interest will be shown to justify the continuance of the course and the later organisation of similar courses of general interest.

H. W. LAWTON.

## SELECTED LETTERS FROM THE COLLEGE POSTBAG.

From the National Rat Association of Gt. Britain to the Manciple of the —

Dear Sir,

In answer to your inquiry re your esteemed order of the 21st inst. for 1,000 brown and black rats (dead), we can confidently assure you that the poison we employ to kill the rats has no deleterious effects upon the human consumption.

Yours faithfully,

THE MANAGER,  
National Rat Association.

From A. Loosefellow, to the Manager of the Chemistry Dept.

Dear Sir,

It is with extreme regret I have to inform you that when a member of the Chemistry Dept. in 1903 I acquired dishonestly two test tubes from your store. The weight of this crime has hung over me ever since, and in an effort to start a fresh life with a clean conscience, I am enclosing the sum of 2d. which is owing to you.

Yours truly,

A. LOOSEFELLOW,  
(Treasurer, "Own Up" Society.)

From Mr. Creepie Crawligh, to the Warden of R— Hall.

Dear Sir,

As a co-warden, I am writing to ask your permission for my son Jimmy to watch a football match this afternoon. He has been working very hard lately, and I feel he has earned an afternoon off.

While writing I would also like to inquire whether you would consider the Ovaleenies a suitable club for Jimmy to join during his University career.

Yours sincerely,

A. CREEPIE CRAWLIGH,  
Co-Warden.

From the Manager of the cloak-room, to the Clerk of the Works.

Dear Sir,

I am in receipt of your account for £10, for the fitting of rubber bungs to the wash basins. Before payment I would like to point out that they show unmistakable signs of having originated from

the Chemistry Dept., and that in my consideration a cheaper estimate could have been obtained from that Department.

Yours faithfully,

B. B.

## RUSSELL HALL ENTERTAINMENT.

Russell Hall gave their annual entertainment in the Assembly Hall on Saturday, and this year's effort was quite up to the standard of previous years. The dancing was very enjoyable, probably due, at least in part, to the fact that the floor was not too crowded. In the elimination dance we were not without perturbations concerning our own moral qualities, but we must confess that we were a trifle surprised at the spectacle of a certain learned gentleman stalking off the floor at the mention of Guinness. We now have more faith in the slogan: "Guinness is good for you."

The entertainment itself was quite good, the grand opera being a new and enjoyable addition to the usual entertainment repertoire—we thought we could see whose hand lay behind it. Nevertheless, one could not help feeling that things would have been more satisfactory had not so much ex-Russell and extra-Russell talent been devised. From the material available, we felt that a proper Russell Hall programme might have been devised.

We were pleased to see Mr. and Mrs. Dudley there. We hope that a letter in the correspondence columns does not indicate that the Warden was there to see that his flock departed for bed at a more or less reasonable hour.

In conclusion we must thank Russell for a most enjoyable evening and hope that we may return the compliment later this year.

## THE "WEST SAXON."

Briefly, the committee of the West Saxon will this term try to give the College a magazine which is interesting and, above all, amusing, to all types of students, but this, of course, cannot be done without some kind of co-operation. Please send in contributions of any (printable) kind:

prose-poems, limericks, philosophical treatises, snappy comments of the "charivaria" type as in *Punch*, political discourses, scurrilous verse, modernistic verse, "traditional" verse, apt quotations, short stories, photographs, end-pieces, etc., etc. All is Grist.

## CHESS CLUB.

Last Wednesday the 'B' Team gained its second successive victory of the season by defeating Taunton's School 'C' on every board (5-0). Superior end-game play by the College players was an important factor of victory—on two boards especially.

This week both teams visit Taunton's School; the 'A' plays Taunton's 'A' and the 'B' Taunton's 'B'. Both matches will, undoubtedly, be very close contests.

To the Editor of Wessex News.

Dear Sir,

Your editorial of last week was rather a saucy effort—a guest, a foreigner in our town throwing stones—but Southampton has its patriots, its locals, 170,000 of them to guard its Civic honour.

You say that in ninety years the College has made no impression in our city. What is ninety years to "Old Man Hampton"? (or any study So'tonian. We all live to 150). Do you know we've got two schools that go back several hundred years—a bowling club that goes back to 1299 and a town council that goes back on its electioneering pledges annually.

Remember, too, that for the majority of those few years Coll. was known as "Hardley," and still is to many local people to whom "University College" means nothing. And of Culture—we have our Libraries, our Art Galleries, our Music Festivals (and our Harvest Festivals) the outward signs of culture (and Agriculture). But surely, Sir—I— you refer to some foreign culture of your own since you suggest to propagate it by a Rag!

That you should have been advised to "have left the train at Winchester," I do not doubt. It demonstrates the sagacity or humour of the informer—not the ignorance.

But I can agree with you on one point—that "this ignorance about the College is no fault of the townspeople." We can't help whom the College authorities let in.

And finally—what's wrong with a football team that scores nine goals in two weeks?

Yours, etc.,

J. F. Y.  
Russell Hall.

## NOTE.

Owing to pressure of work and other commitments, P. S. Kenyon has regrettably resigned his position as Assistant Business Manager of Wessex News. We congratulate J. R. Masterman upon his election to this office by the Students' Council.

ATHLETIC UNION.

# W.H.C.'s REMARKABLE ACHIEVEMENT SOCCER OUT OF HANTS CUP CROSS COUNTRY'S GALLANT RACE

"Blasted with sigils and surrounded with tears." Our state may not be as critical as that of Dr. Donne, yet his words apply very fittingly to us after a glance at the results of the various Clubs matches played on Saturday last. The weather also, must have provoked many otherwise morally respectable players to have indulged in a little blasting last Saturday. The Cross Country Club in particular seems to have suffered from the activities of Jupiter Pluvius, and for forty minutes these modern Spartans ran through torrential rain. The results of the first team matches were not, alas! encouraging, for Soccer lost their Hants Intermediate Cup-tie by the convincing score of 6-2. Rugger and Men's Hockey also joined the company of the defeated, Hockey going down by the heavy defeat of 6-2. "Have courage" can be applied to Sport as well as to life, and this week the wonderful performance of the Women's Hockey team, which last Wednesday overran Portsmouth Municipal College by the amazing score of 17 goals to 1 is very encouraging! Last season it was the Netball Club which reached the final of the Women's U.A.U. Will it be the turn of the W.H.C. to emulate their achievement this year? Even the Netball Club joined the ranks of the unfortunates, but we hope this may be only a temporary set-back.

## RUGGER.

1st XV, 0. Pirelli's, 9.  
In this game College never seemed to reach the form which they had shown in the two previous matches. This was especially noticeable in the forwards, who found the greasy ball difficult to control. As a result, the College outsiders saw very little of the ball, though this was mainly due to the off-side tactics of the opposing forwards. Pirelli's scored twice in each half, but none of these tries was converted.

The College outsiders showed more promise in this game and with more practice they should help to strengthen what is now quite a strong side.

## Fixtures.

Wed. Oct. 27th. R.A.F. Gosport (Away).  
Sat. Oct. 30th. R.A.O.C. Portsmouth (Away).

## BOAT CLUB.

There will be a meeting of all members to-day at 1.20 in Room 29.

## SOCCER.

1st XI, 2. R.A.O.C. (Hilsea), 4.

The College team was by no means disgraced in this match; it suffers a disadvantage which unfortunately cannot be remedied—lack of weight. The football was good on both sides, some of the best movements coming from the College team, but in the air and in tackling in general our players were beaten more often than not.

A word of congratulation is due to our defence which, despite this lack of weight tackled fearlessly and covered outstandingly well. As so often happens, the College team weakened in the closing stages. W. S. White scored the first goal, and Kinnear headed through the second.

1st XI, 2. Bramtoco, 6.

This was the 1st round of the Hants Intermediate Cup, played at Totton. College lost by 6 goals to 2. This match was lost in the first twenty minutes, when Bramtoco scored three times. Bramtoco played fast and skilful football on a slippery pitch and kept the College defence on the run. As the game progressed, the defence settled down and the forwards began to play more constructive football. The score at half-time was 4-0 against College. In the second half the odds were even. Eden scored two good opportunist goals, the second following a good run by Belton. G. H. White, at right half, played well and was one of the best defensive units on the field. Hill again worked hard; Smith, a freshman, in goal, played soundly; his handling of the ball is a most promising sign. The general weakness of the team appears to be an inability to play at their best for the full ninety minutes.

## CROSS COUNTRY.

R.U., 52. U.C.S., 58. K.A.C., 61.

The C.C.C. had a very interesting match with Reading University and K.A.C. at Reading. Unfortunately, the weather made marking extremely difficult, with the result that several men from both teams went astray.

At the start, Reading men took the lead, but they were soon overtaken by Choat of Winchester followed closely by Newton-Smith, who finished fourth, and who, with some of U.C.S. pack behind him kept a good position throughout the race.

Unfortunately Moore was unable to run, but his absence was to some extent compensated by the good performance of Burroughs (7th) and Dyer (8th). A good race on the part of Pirrie, a very promising freshman, was spoiled by the fact that he unfortunately lost his way—an extremely easy thing to do under Saturday's conditions.

## FENCING CLUB.

The prospects of the Fencing Club are bright. Allowing for the dying-down of the usual beginning-of-session enthusiasm, there is indication that not only will there be an even fuller list of fixtures than last year, but also a second team fixture or two. The first match is on Saturday, October 30th, at home against R.A.F. Netheravon.

## MEN'S HOCKEY.

October 20th.

U.C.S., 4. Taunton's, 2.

This game was fast and even. Robinson scored two goals immediately after each other after about 15 minutes' play. Each side scored a further goal before half-time, the College goal being scored by Wareham. After the interval, Taunton's attacked for long periods, scored again, and

at this period they looked like getting further goals. The result was made safe about 5 minutes from time when College broke away and scored a fourth goal.

U.C.S., 2. C.S. Portsmouth, 6.

Our visitors were quicker on the ball and also knew how to pass. By half-time, College were 4-1 down.

After the interval things improved for College and another goal was scored. The superior team-work of the Civil Service told in the last few minutes when they added two more goals.

The defence was shaky against a fast-moving, accurate passing forward line and left numerous gaps. The halves did not have time to support the forwards and as a result, forward play suffered. There were a few flashes of good play by the forwards—but they were spoiled by the fact that they relied almost entirely on short passing.

## WOMEN'S HOCKEY.

U.C.S., 17. Portsmouth M.C., 1.

On Wednesday, College really gave us an insight of what they are capable; for the first quarter of an hour play was in midfield, but at the end of this time College attacked and the forwards got through the Portsmouth defence numerous times and, but for some good play on the part of the Portsmouth goalie, the score would have been higher. At half time College were leading 6-0.

Then the College defence, getting the better of the Portsmouth forwards, joined in the attack and play was almost entirely within the Portsmouth half. Forwards, halves and even backs rushed the Portsmouth goal and the Portsmouth defence collapsed, and College scored eleven more goals.

## NETBALL.

October 20th.

1st VII, 9. Convent High School, 20

Against a strong team College was not at full strength, and played one short in the second half, after Miss Bryce had sprained her ankle.

College won the toss, but the Convent attacked strongly and the score at half time was 4-11 in their favour.

On the whole the passing was fairly good, except for occasional muddled play around the circle. The shooting, however, was erratic.

The Club extends its sympathy to Miss Bryce who will probably be unable to play again this term.

To the Editor of Wessex News.

Dear Sir,  
Members of the College may be interested to know that a number of pictures are now being hung in various rooms in the building. The following is a list of the pictures and the rooms where they are to be found. An asterisk (\*) indicates a coloured reproduction, and a dagger (†) an original oil painting. I should like to take the opportunity of thanking the donors of pictures who responded to my appeal made in the *Wessex News* last session, and at the same time to make a further appeal for good pictures to hang in our class-rooms. Medici prints and other good coloured reproductions of famous works would be particularly welcome.

Yours truly,  
V. DE S. PINTO.

## List of Pictures now on exhibition in University College.

- (1) In the Library.  
Portrait of Dr. C. A. Montefiore by *W. Rothenstein* (English School, 1872-).
- Eighteenth Century Portraits of members of the Hartley Family.
- Engravings by *Bartolozzi* of drawings by *Hans Holbein* (German School, 1497-1543.)
- (2) In Room 9.  
Ancient Carthage by *Frederick Lee Bridell* (English School, 1831-1863.)
- The Cornfield by *John Nash* (English School).
- The Cornfield by *John Constable* (English School, 1776-1837.)
- County Donegal by *Norman Craig* (English School.)
- (3) In Room 11.  
A Dutch Interior with Soldiers by *Pieter de Hooch* (Dutch School, 1632-1681.)
- (4) In Room 35.  
Portrait of a Man by *Giorgione* (Venetian School, 1477-1510.)
- (5) In Room 33.  
The Baptism in Jordan by *Joachim Patinir* (Flemish School, 1490-1524.)
- The Adoration of the Magi by *Albrecht Durer* (German School, 1471-1528.)
- (6) In Room 30.  
Five Etchings of Rome, two by *G. B. Piranesi*. (Italian School, d. 1778).

To the Editor of Wessex News.

Dear Sir,

Rumours of outrageous letters sent to parents of non-resident students concerning the time at which such students should be at home in the evenings, and implying other such controls over them, are now well established in College. Are we therefore, to believe that the College authorities think of imposing a curfew, and also presume to advise parents how their offspring should be brought up? The ramifications of such action are too far reaching to be mentioned here, but we might suggest that the President of the Union wears a tassel on his cap, and that the young members should be supplied with bottles of milk at playtime.

Sir, this cannot be, and we therefore demand that this rumour be at once unequivocally denied by those in authority.

(Signed):

R. G. D. Kite K. J. Newman  
F. J. Sewry D. C. Goymer  
P. S. Kenyon F. W. Jones  
R. F. Harwood J. R. Masterman  
Etc.

(Space prevents publication of further signatures.)

The Business Manager has arranged for a special train to leave the Central Station at 11.15 a.m. to-day, for the convenience of the above signatories.

Editor.

To the Editor of Wessex News.

Dear Sir,

May I heartily endorse Mr. Emery's remarks in your last issue concerning the award of Colours. I agree with him that the Colours system is both bankrupt and immoral. I disagree with Mr. Collins' statement that it is not easy to obtain a Full Colour. With two years experience on the A. U. he should know full well that when elected Captain of a College club, the award of full Colours becomes automatic. This bears out Mr. Emery's point even more strongly and if I were Mr. Collins I would make no mention of the case of a regular player who, after three years service, received no recognition at all. This I can but call disgraceful.

No one has yet succeeded in explaining to me the precise meaning of the terms "service to club" and "merit" which are supposed to govern the award of Colours. May I inquire how they apply to a Captain who was awarded full Colours at the end of the season after taking part in a mere fraction of the fixtures.

Mr. Collins has a perverted sense of the old-school-tie spirit, whereas Mr. Emery has the fate of the College at heart.

I am, Sir,  
Yours faithfully,  
E. C. BIGNELL.

To the Editor of Wessex News.

Dear Sir,

Since I do not enjoy the confidence of the President of the Union, or of the Editor of *Wessex News*, I am not privileged to be shown your illustrious journal before it goes to press. Otherwise, I should have replied in last week's issue to the reply to my letter in that issue. Mr. Unknown is well acquainted with matters that are little business of his and will therefore know that flowers will not be placed in any of the Common Rooms. It is proposed to buy four Medici Prints of good pictures (if S. C. and Modernist approve) and to hang two in the M.C.R. and two in the W.C.R. If Modernist is so helpful as he would like your readers to believe, then his assistance on the Common Rooms Committee would be welcome, unless he, like many others, is apt to be overcome by fatigue when he is elected to any office—after all, tradition DOES die hard, doesn't it?

Yours sincerely,  
F. W. JONES.

The Editor of Wessex News.

Dear Sir,

Some time ago an article was published in your journal stigmatising the men of this College as "whimp'ring younglings"; at about the same time the Editor of the "New University" was inquiring the reason why U.C.S. was unrepresented at the U.A.U. Boxing championships. The first aroused a storm of comment, the second not a whisper—why? Why do 90 per cent of College men watch from some serene altitude, the struggles of the Boxing Club to instill more enthusiasm for the "noble art" in this College.

Will you not, you lordly 90 per cent, as even the Gods were once reputed to do, step down from your mountain tops into the dusty arena, or do you now covet the title once you scorned? Sir, may we through your columns be permitted to enquire the answer of our College men.

Yours truly,  
G. H. G. CAMPBELL.
